Presents
“Complying with U.S. Export Controls”

April 29-30, 2025

Sheraton Gateway Los Angeles Hotel
6101 W. Century Blvd.
Los Angeles, CA 90045

In partnership with the District Export Council of Southern California, BIS is offering the popular Complying with U.S. Export Controls seminar as a live in-person event.

This two-day program is led by BIS's professional counseling staff and provides an in-depth examination of the Export Administration Regulations (EAR). The program will cover the information exporters need to know to comply with U.S. export control requirements under these regulations. We will focus on what items and activities are subject to the EAR; steps to take to determine the export licensing requirements for your item; how to determine export control classification numbers (ECCNs); when you can export or reexport without applying for a license; Automated Export System (AES) procedures and requirements; Export Compliance Program (ECP) concepts; and real-life examples in applying this information. Presenters will conduct "hands-on" exercises that will prepare you to apply the regulations to your company's or organization's export activities. This one-of-a-kind program is well suited for those who need a comprehensive understanding of their obligations under the EAR.

About the Instructors

The instructors are experienced export policy specialists, and enforcement personnel from BIS's field offices. This seminar will also include a guest speaker from the U.S. Census Bureau. The instructors will be available during the seminar to answer your questions.
